## Look Book

A Guide to Huntington Bank Career Apparel

## Apparel Overview

Career Apparel's Look Book can be used to easily plan your next apparel purchase. Or help save you time when coordinating your own look for the workday.

Each look begins with a foundational piece – a shirt, blouse, or sweater. Then, it showcases the best coordinating styles. You can combine multiple styles, too.

Plus, we add new styles to the apparel collection annually. This makes it easy and fun to mix-and-match for a professional and welcoming look every day.

# Helpful Info & Tips

## ORDERING MADE EASY

- ▶ Note the product's Available Date. Certain color and size combinations will indicate if on backorder.
- ▶ Call Affinity Customer Service (866-429-1024) to check availability of particular styles and sizes prior to ordering, if needed.
- ▶ To ensure a proper fit, use the Fit Guide found online in the Wear Guide menu or visit your local Men's Wearhouse for free measuring services.
- ▶ During the checkout process, shipping to a Huntington Branch over a residential address will significantly save on shipping costs.
- ▶ Transactions occur once the product has shipped.
- ▶ Click Check Order Status at the top of the screen and click on the order number in your order history to see status and obtain shipment tracking numbers. Or, call Affinity Customer Service and provide the order number.

# Apparel Care

- ▶ Proper care and product rotation (not 'over wearing' the same favorite top) of your Huntington wardrobe will allow it to last far longer.
- ▶ Care instructions are included on the label of each product, though if you ever have questions on how to care for a product, feel free to call our Customer Service team at 1.866.429.1024.
- ▶ Assuming you are working full-time (40 hours per week) and have a full complement of tops that you're caring for according to the published instructions; one fresh top per workday, your Huntington wardrobe should last 12-18 months.

## HERE ARE SOME TIPS:

- ▶ All of your Huntington wardrobe pieces can be cared for in your home laundry. Please read the care instructions carefully. Never use chlorine bleach.
- ▶ If you use a Laundromat service, dryers can be harsh. Use the lowest temperature possible to dry your Huntington wardrobe.
- ▶ If you use a professional laundry/dry cleaning service, please request they not use starch. This breaks down the fibers quickly.
- ▶ If you have Affinity tailored pieces (suit jackets, pants and skirts) as part of your wardrobe, frequent pressing and less frequent dry cleaning will extend the life of the product. Pants, dresses and skirts can be home laundered.
